

AHA'S BASIC LIFE SUPPORT (BLS) PROVIDER COURSE

The AHA's BLS Provider Course offers a foundation for saving lives from cardiac arrest. It teaches both single-rescuers and teams about basic life support skills for application in both pre-hospital and in-facility environments, with a focus on high-quality CPR and team dynamics.

Certification:

- AHA BLS provider certificate with 2-year validity
- If needed, learners could receive CME/CPD certificates which are valid nationwide in Vietnam.

Who should take this course?

- Healthcare professionals
- Health staff and lifeguards of hotels, resorts and entertainment areas
- Public and private safety/security employees
- Aerobics/fitness/sport instructors, teachers
- Flight attendants
- Other personnel in need (a medical background is not required).

Course duration: 1.5 days

Material: Learners will be delivered official AHA's BLS Provider Manual

Course content:

- High-quality CPR for adults, children, and infants
- Importance of early use of an AED and demonstrate its use
- Effective ventilation by using a barrier device
- Relief of foreign-body airway obstruction (choking) for adults, children and infants
- Importance of team dynamics in multirescuer resuscitation and performance as an effective team member during multirescuer CPR

Language of instruction:

Bilingual in English and Vietnamese with all teaching materials and videos in English.

Number of trainees per course:

Maximum 18
