ABOUT GFAP

Background

As VinUni CHS grows, our three flagship programs (UME, UNE, and GME) will continuously be in need of dedicated, skilled, and diverse faculty to contribute to our trainees' opportunities for teaching, mentorship, career advising and research collaboration. While in just a few short years since VinUni's inception we have cultivated dozens of meaningful institutional partnerships locally (e.g. Vinmec Health System, Military 108 Central Hospital, National Children's Hospital, and others), nationally (Ho Chi Minh City UMP), regionally and globally, there remains a need to increase the number of experts on our adjunct faculty. This is particularly true for certain specialty areas that are not as well established in Vietnam as elsewhere, or for certain areas of research. We currently have an opportunity to fill this gap through the model called the Global Faculty Affiliates Program (GFAP).

ABOUT GFAP

Concept

Global Faculty Affiliates are faculty appointed by VinUni under a special adjunct series that does not come with salary support, but does offer other benefits in return for a defined role in supporting our trainees. GFAP faculty are typically based outside of Vietnam, have a demonstrated expertise in at least one of the following areas: medical/ nursing/ public health education, subspecialty training, or impactful research, and have a passion to make a meaningful contribution to VinUni CHS' overall vision and mission. Although most GFAP faculty will be current faculty at another institution of higher learning, this will not be an absolute requirement. For example, a medical educator who works in government, industry, or the non-profit sector may be an excellent GFAP candidate. If GFAP faculty are already appointed faculty at another institution, then VinUni would recognize their achievement and appoint them at the same rank. Appointments would be made for 2 years, and renewable upon request if the faculty is in good standing.

For GFAP faculty who plan to spend at least 2 weeks onsite teaching, there may be support possible for economy airfare and travel accommodation. This is contingent upon family availability.

VISA

If you could self-prepare for a visa to Vietnam, we would greatly appreciate it. Members of GFAP normally apply for a visa electronically (E-visa).

- To apply electronically for a visa, please visit:
<https://evisa.xuatnhapcanh.gov.vn/web/guest/trang-chu-ttdt>
- Foreigners applying for an E-visa follow these steps:
